

MAUREEN BOERS

18-08-2000

PERSONAL PROFILE

I am an second-year Industrial Design Engineering student at the Delft University of Technology. I am a very open person and always looking for opportunities that will broaden my frame of reference.

WORK EXPERIENCE

QR Code checker - X TU Delft

Delft | Nov 2021 - Present

As a QR code checker at sports and culture center X TU Delft. I check if visitors have a valid test or vaccination certificate. This work taught me to de-escalate situations when visitors disagreed with the policy.

Voluntary work- Parade

Rotterdam | Jun 2019 - Jul 2019

As a volunteer at the Parade, a traveling theater festival, I provided visitors with information about performances and gave them my recommendations. This experience has taught me to work together in a team of volunteers.

Babysitter

Rotterdam | Sept 2014 - Present

As a babysitter I have been working for multiple families on call. Building a relationship of trust with the family is of major importance. In addition, my job as a babysitter requires a strong sense of responsibility and the willingness to turn every session into an unforgettable experience for both the child and the parents.

Rider - Deliveroo

Rotterdam | Jun 2018 - Nov 2018

As a rider at Deliveroo I delivered orders by bike to customers. The job required to have good communication with customers and restaurant staff. This job taught me to work efficiently under time pressure.

EDUCATIONAL HISTORY
